ADDITIONAL INFORMATION

A) GEORG HOLEK & HISTORY OF THE TOURNAMENT

Georg (Jiri) Holek was a great rugby gentleman and our common friend. He was born in 1939 in Moravia and a great part of his life he spent in the former Czechoslovakia. He played rugby for Slavia VSZ Brno which still exists but now called RC Brno Bystrc.

He was known not only as a fair and good player but also as an excellent organizer. In 1982 living in Germany, he founded Rugby Club Konstanz. However, he never forgot his own family roots in Czechoslovakia and it was especially thanks to him that the strong links between Czech and German veteran rugby were established and developed.

He was the initiator of regular games between the German and Czech national veteran teams but his vision led him further to the idea of organising a rotating pan European veteran rugby tournament.

He spent a lot of effort implementing his dream which finally came true, and thanks to his friends, successors, as well as new participants and last but not least, thanks to his wife, Trudi - the tournament is still alive under his name -

Georg Holek Cup..... hence the motto:

"Oldies.....deserve respect for all they have already achieved in rugby and for all they will still achieve"...

B) OLOMOUC INTRODUCTION / HISTORY

The ancient town of Olomouc lies in the heart of Moravia. Its history dates back to the 10th century AD when it became an important trade crossing-point. It has the second most significant collection of historical monuments in the country after Prague. The second oldest university in the Czech lands was founded in Olomouc in 1573. Olomouc was considered the capital of Moravia from the Luxemburgian period up until the 17th century. During the Thirty Years War with the town's occupation by the Swedish army, the town was destroyed to a large extent and lost its leading position.

Today, the city has a population of over 100,000 inhabitants. It is the fifth largest city in the Czech Republic and the head of the Olomouc Region. At present, the city is experiencing major development in the areas of culture, accommodation, food, dining and tourism. It has a great deal to offer both socially and culturally.
